

Year 2 Autumn 1 Twisted Tales

Big Bang

Children were immersed into the world of fairy tales. They dressed up as their favourite fairy tale characters and ended the day with making their own gingerbread men.

Trip/ Visit

Twisted Tales

English

We will be focussing on the traditional tale The Three Little Pigs, and creating our own twisted version about the wolf. We will continue to focus on vocabulary, punctuation, spelling and grammar. Finally, we will use our skills of predicting, retrieving, inferencing, explaining and sequencing through our whole class reading lessons.

Maths

We will learn about place value of numbers to 100. We will use our number bonds to 10 facts to calculate our number bonds to twenty. The children will use various strategies to add and subtract such as partitioning, comparing and ordering.

Science

We will be learning about materials, learning about the different types of materials from an experimental view to deepen our understanding of everyday materials and explore how materials are used in wider world.

History

We will be delving deeper into our twisted tales topics but looking at changes within living memory in the world of film and how Walt Disney has helped change and shape the film industry.

Art

We will develop our understanding of tone, gradient and shading and how different medias can create different effects, for example shading with pencil and charcoal. We will learn how to add fine detail to drawings and will draw on our previous learning line and mark making.

Music

We are exploring a range of music genres, and learning to identify some notes. We will also experiment with percussion instruments, creating rhythms, exploring high and low pitches and discover components that make up a song.

Computing

We will be learning about "Safe sites and passwords", learning about the importance of not sharing passwords, knowing what makes a safe website and remaining safe online, including not sharing personal information.

R.E.

We will be investigating the question "Who is Jewish and what do they believe?"

P.E.

We will be learning about invasion games and Movement skills.

Personal Development

We will be learning about healthy relationships including our families and friendships, safe relationships and respecting ourselves and others.
